EMPOWERING PEOPLE PERFORMANCE

Let's stop using words that fuel gender bias, for every Queen Bee there is a King Bruce. It's not a gender issue, possibly a personality issue, a leadership issue... A very human issue.

It's hard for a woman to lead when the expectation is that you are going to be the worst boss ever! We are contributing to gender bias, usually unconsciously without questioning the narrative that we have been brought up to believe. It's an upbringing hangover!

Will you join me? Let's change the narrative together, create a more constructive script and call out old-fashioned biased statements.
